STATE OF MISSISSIPPI

The Mississippi Insurance Department (MID) is looking toward the future. We are dedicated to creating a competitive marketplace for the sale of insurance while providing Mississippi citizens with the maximum amount of consumer protection. Our goal is to create the highest degree of economic security, quality of life, public safety, and fire protection for the State's citizens at the lowest possible cost. This is accomplished through a variety of initiatives, including the regulation of the insurance and liquefied compressed gas industries and development of statewide fire services. We are committed to providing assistance to Mississippians in an efficient and professional manner.

Throughout calendar year 2007, and into 2008, the MID continues to be effective in many areas as we seek to accomplish our mission. We can measure our success through independent statistical surveys of the number of people having access to insurance and related indicators of the degree of insurance affordability in the state.

In 2007, over \$9,000,000,000 in direct premiums were written in Mississippi. The MID licenses and monitors the activities of more than 72,000 individuals who hold over 86,000 licenses. The MID monitors the solvency of approximately 2,134 companies doing business in Mississippi, and consequently functions as a first line of defense against financial catastrophe resulting from the potential collapse of insurance companies. The MID revoked seven licenses and issued 15 fines totaling \$157,850 during the 2007 calendar year.

The MID continues to be heavily involved in the liquidation of domestic insurers. This process involves the investigation of the activities and affairs of the insurer to determine what caused the collapse of the insurer. We are charged with pursuing any assets of the insurer. Other duties, where necessary, include following claims of the insurer against management and other outside parties. The Examination Division monitored the financial solvency of 2,134 companies, performed 296 desk audits, commenced 13 on-site examinations, issued 11 examination reports, and managed pledged securities in the amount of \$43,665,527. MID assessed the financial condition of 128 companies that applied for a license to operate in Mississippi.

There were 6,047 Life & Health form filings reviewed and processed, of which 64% were automated form filings though the NAIC System for Electronic Rate and Form Filing (SERFF). The Property and Casualty Ratings Division received a total of 3,035 Property and Casualty filings, with 69.5% submitted through SERFF (electronic) and 30.5% submitted as paper filings.

Our Consumer Services Division received and processed 13,500 requests for assistance resulting in approximately \$2,179,313 additional funds being paid to policyholders.

During 2007, the MID returned \$19,213,889 in revenues from premium taxes and privilege license fees to the State's General Fund. Over \$200 million a year goes to the general fund from premium taxes, fees, and fines.

EXECUTIVE SUMMARY (Continued)

Hurricane Katrina continued to be an issue-provoking event throughout 2007. The successful MID Hurricane Katrina Mediation Program approached 4,500 requests for mediation. State Farm and Nationwide, at the request of the MID, re-examined slab claims along the Mississippi Gulf Coast. By year's end, State Farm had re-evaluated over 35,000 claims and paid out an additional \$73.4 million to 7,000 policyholders. Nationwide re-evaluated approximately 641 slab/total loss claims and paid out an additional \$40 million. These numbers continue to grow as more people participate in the Mediation Program. Coastal insurance issues were the topic of a public hearing held in Mobile, Alabama, where the Commissioner participated on a panel with Commissioners from Alabama, Louisiana, South Carolina, and Florida.

The Mississippi Windstorm Underwriting Association Board approved using credits for premiums for fortified construction designed to lessen damage from hurricanes. This action was pending approval by the Commissioner at the end of 2007.

Six new bulletins were issued in 2007 regarding such issues as non-admitted policy fees, payment of taxes in a total auto loss, flood insurance training requirements, and public adjusters. Five new regulations were adopted addressing the issues of a Policyholder Bill of Rights; a non-binding arbitration program; licensure of public adjusters; Worker's Compensation Assigned Risk Plan and Worker's Compensation Assigned Risk Pool; and the creation of a Uniform Standards Code for the Factory Built Homes Law.

MID continues to work with the Mississippi Congressional delegation and federal agencies to protect the state's senior citizens, as more cases of some agents using a variety of confusing and deceptive sales practices to sell Medicare-related Part C and D plans were reported. The Deputy Insurance Commissioner testified before a Congressional committee on the issue. In his testimony he reiterated the Department's request that the Federal Government take action or give MID greater jurisdiction over the plans.

The State of Mississippi received a portion of the \$72 million in funds and assets of Martin Frankel seized by the Federal Bureau of Investigation (FBI) and the Internal Revenue Service (IRS) as the result of Frankel's criminal enterprise. In 1999, Martin Frankel fled the United States after defrauding seven insurance companies in five states of over \$200 million dollars. Since that time, the Receivers of these insurance companies have pursued the assets which were looted by Mr. Frankel and his co-conspirators. Frankel's schemes were first exposed by a MID examination.

A "Fire Safety Summit" was held on the campus of Delta State University. Fire service representatives, school and Head Start program officials, state and local elected officials and national organizations whose work is primarily Public Fire Safety Education attended. Solutions for the spike in fire deaths in the state were the focus of the Summit. Experts from the National Fire Protection Association and the National Home Safety Council were among the key attendees at this event.

EXECUTIVE SUMMARY (Continued)

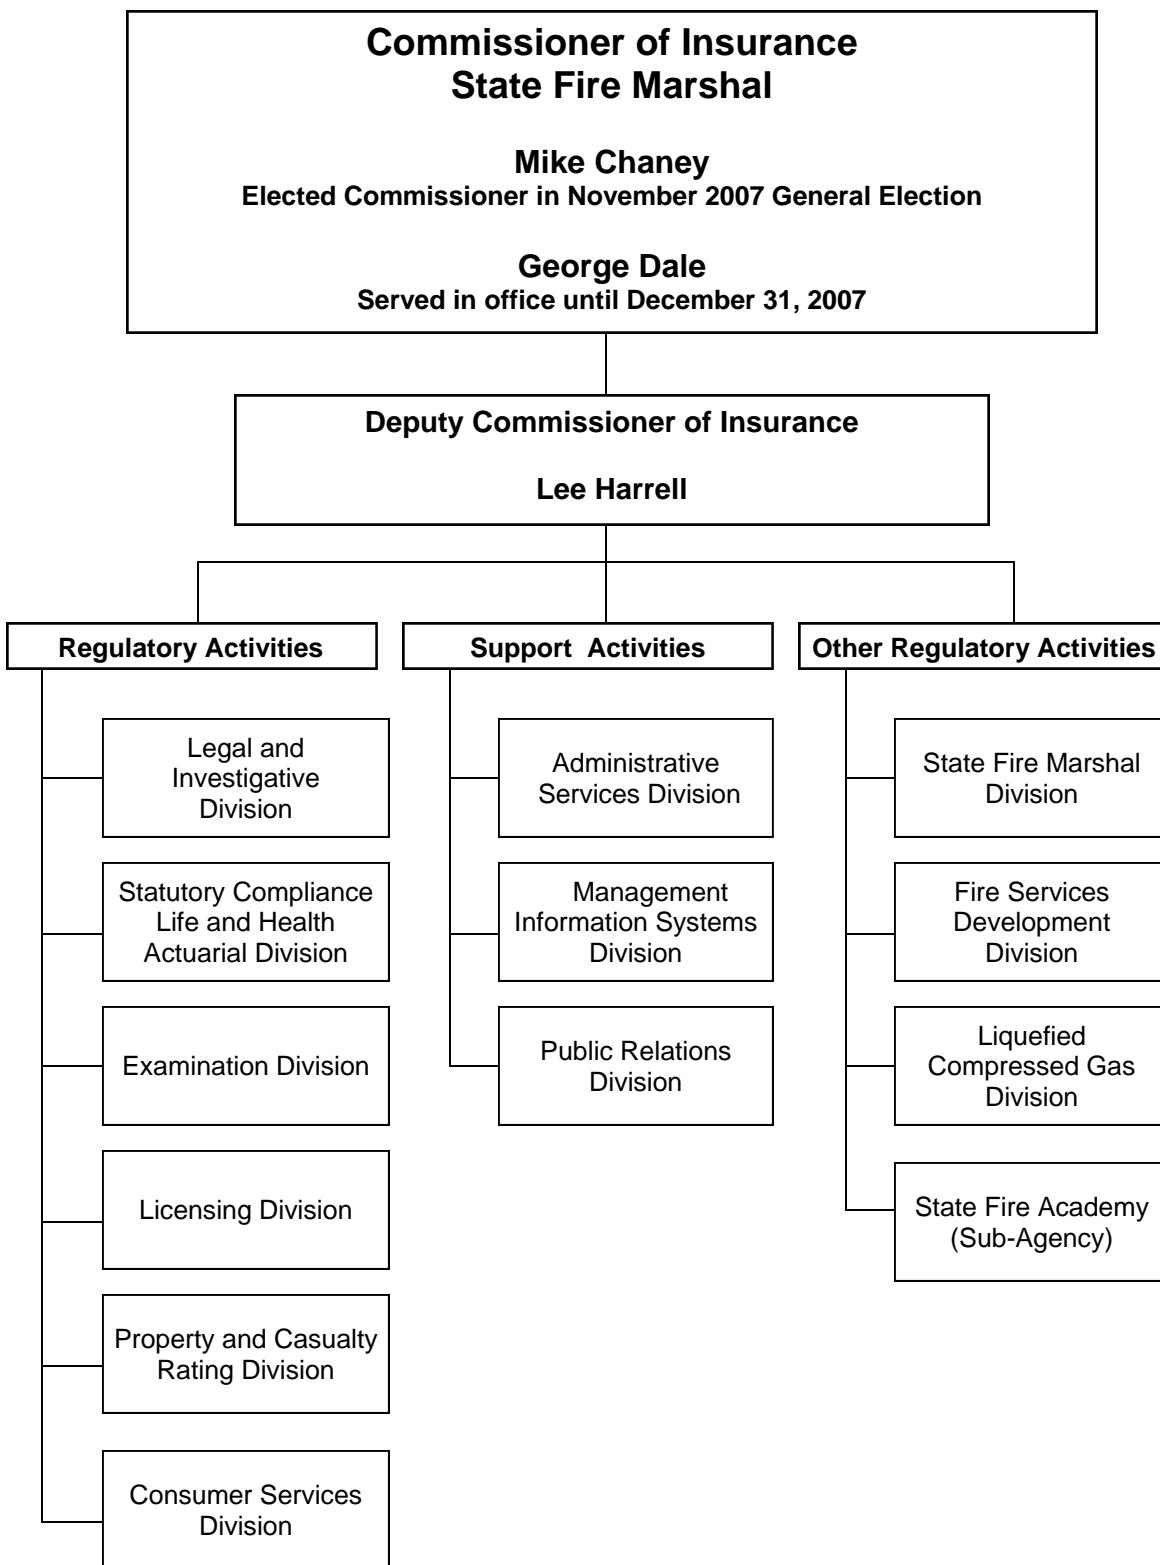

In the area of fire service to the state, the MID/State Fire Marshal's Fire Services Development Division received and processed 1,123 compliance documents thus receiving state fire rebate funds. \$13,597,028.57 in rebate funds were disbursed to 82 counties and 288 municipalities. Disbursement for 2007 was \$1 million more than 2006. In addition, the State Fire Coordinator works in conjunction with the 82 county fire coordinators and various fire departments to increase fire service capabilities. The State Fire Coordinator disbursed \$2,233,577.08 in 2007 that assisted in the purchase of 34 fire trucks for local fire departments.

In 2007, Mr. Reggie Bell was appointed Executive Director of the Mississippi State Fire Academy. The State Fire Academy's state of the art computerized Fire Research Building was dedicated and placed into service. This building was made possible by SB 2988 in the 2003 Regular Session of the Mississippi Legislature. The building contains over 4,000 square feet of training space and is equipped with four computer controlled fire/smoke rooms and a Class A burn room. A four story drill tower is attached to the burn area. The building is used when offering instruction in extinguishing interior fires, search and rescue and high angle rescue/rappelling. It is one of a few training buildings in the country to feature a computerized burn system. The total cost of this project was \$2.4 million dollars. The Academy received a \$150,000 grant from the Mississippi Office of Homeland Security through the United States Department of Homeland Security Grant Program for training in terrorism preparedness.

December 2007 brought to a close the 32-year tenure of George Dale as Commissioner of Insurance. Mr. George Dale was the longest-serving Insurance Commissioner in the United States, having served since 1976. Former Mississippi State Senator, Mike Chaney of Vicksburg, was elected Commissioner of Insurance and was sworn in to office in January 2008.

Commissioner Chaney's agenda for 2008 includes: the strengthening and enforcement of building codes along the Mississippi Gulf Coast; seeking improvements in the state's health insurance climate; releasing the report of the State Farm market conduct exam initiated following Hurricane Katrina; and maintaining the financial security of the Mississippi Windstorm Underwriting Association (Wind Pool). Foremost on his agenda is to see that there is available, affordable, and accountable insurance for all Mississippians.

Fire Services Development Division

2007 - This Division received and processed 1,123 compliance documents to support the issuance of state fire rebate funds. It disbursed \$13,597,028.57 in rebate funds to 82 counties and 288 municipalities that met the compliance requirements. The total disbursement for this year was an increase of \$1 million over last year's disbursements.

The Division held six Assistance to Firefighters Grant program overviews. For the first time evening overviews were offered getting more volunteers involved in applying for the 95/5% Federal Grants. In addition the Division held two grant writing classes for fire services through the County Fire Coordinators.

To aid in local training of the Mississippi Fire Incident Reporting System the Division held more than 12 classes throughout the state in 2007 for new firefighters in the system. These departments reported 133,429 total calls as follows: 24,177 fires, 77,920 EMS/rescue, 5,948 hazardous materials, 6,141 service calls, 7,995 good intent calls, 336 severe weather/disaster calls, 481 special incident calls, and 10,075 false alarm calls. These reports indicate a total dollar loss of \$1,034,891,490. Approximately 2,032 of these incidents are under investigation by either local authorities or the State Fire Marshal's Office. Man hours involved with these responses totaled 779,111.

Thirty-four checks totaling \$2,233,577.08 were issued for new class A fire trucks under the RFTAAP Grant Program. Another eight checks totaling \$400,000 were disbursed under the Supplemental Grant program.

The Supplemental program also offers counties the opportunity to apply for matching funds for fire truck grants acquired through programs other than the state. The maximum amount allotted for this purpose per grant is \$20,000. This year the Division provided \$160,929.42 for 15 of these type grants. The actual cost of the 15 apparatus was \$2,536,565.00. These grants resulted in state savings of \$1,050,000.

- Develops and implements programs to enhance and accelerate growth of fire protection services and capabilities throughout the state, particularly in un-incorporated areas.
- Develops guidelines and administers the Rural Fire Truck on Assistance Program (RFTAAP), providing matching fund grants of up to \$70,000 for fire truck purchases by counties and municipalities.
- Administers the Supplemental Rural Fire Truck Acquisition Assistance Program (RFTAAP), which gives counties the opportunity to apply for another apparatus rather than wait for the Legislature to designate another Round. The program also provides matching funds, up to 10%, but not to exceed \$20,000 of any grant awarded to a county for an apparatus meeting the NFPA 1900 Standards for fire apparatus under any other program.
